ALL INFO*

Dear Paul:

I'm sorry to inform you that there have been no formal charges brought against Joseph Zottoli and Gary L. Strain to date. However, I will keep a close watch on these two men as we have reason to believe they should not be registered with the Boy Scouts of America and our council.

I will keep you posted, should we have additional pertinent information that justifies not registering them here or elsewhere.

Sincerely,

Arnold T. Takaki
Field Director

PERSONAL AND CONFIDENTIAL

RE: JET: Joseph Zottoli and Gary L. Strain

Dear Earl:

Earlier this year we had correspondence concerning two individuals for whom you sent confidential record sheets. These were Joseph Zottoli and Gary L. Strain.

At that time we indicated that we would like more information which would substantiate our refusal of registration wherever those individuals might move. We would need some documentation such as complete statements indicating the reasons for refusal or registration, newspaper clippings or letters from individuals. We would also like know if these individuals have been convicted of their charges and what sentencing took place. Copy of court records if available would be most helpful.

If we do not receive more information than the confidential record sheet, it will be most difficult to maintain them on file and refuse registration in other localities.

Sincerely,

REPLYING AND CONFIDENTIAL

Dear Carl:

Thank you for the confidential record sheet on two individuals which we recently received. We appreciate this information and believe that both people should be refused registration if it should be submitted.

We will file your information on both Joseph Zottoli and Gary L. Strain. It is necessary if we are to place these individuals on our file and refuse registration whenever they may move.

Please refrain from such information as you or others could furnish the reason for a person charged with any surmization. Responsible statement, newspaper clipping or letters from individuals concerning the matter would be very helpful.

If either individual is ever registered, it is a good idea that records would be kept careful. These are included on our confidential file which will hold us against any later problem.

Sincerely,

Paul L. Frost, Director
